

SALAMANCA TECH

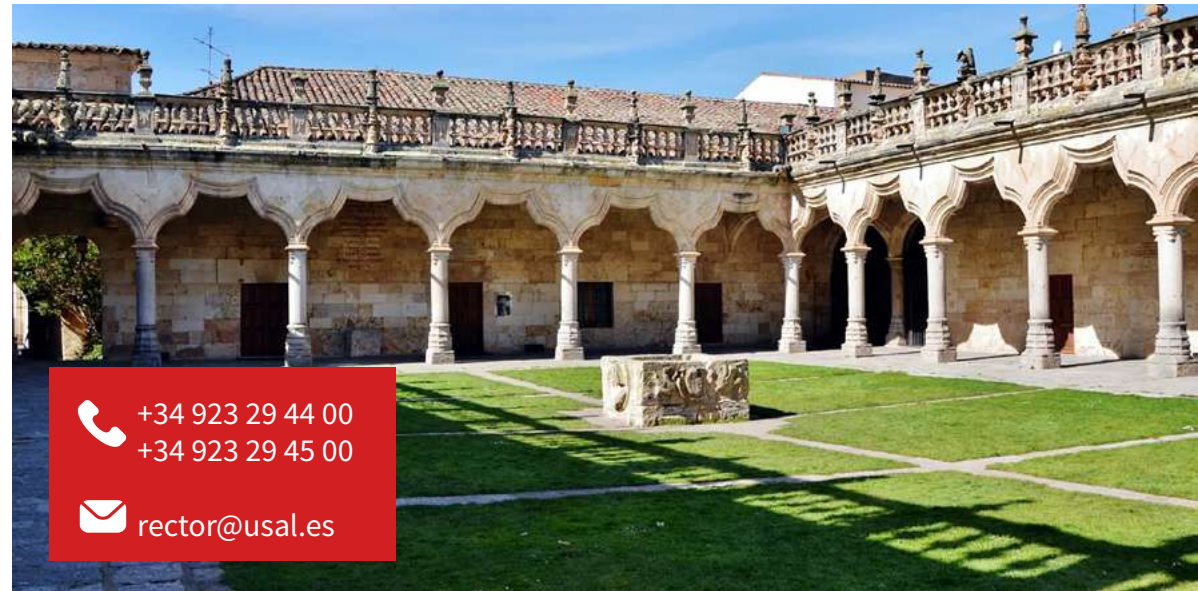

THE SOUTH WEST EUROPEAN TECH HUB

*Salamanca: a smart city
at the forefront of innovation*

SALAMANCA, A CITY OF INNOVATION IN THE SOUTHWEST OF EUROPE

In Salamanca, innovation thrives - universities, businesses, and institutions work hand in hand to shape one of Europe's most dynamic Smart Cities.

The city is cultivating a vibrant ecosystem of **science, technology, and innovation** through an integrated strategy that promotes sustainable development and economic growth

The University of Salamanca - with more than eight centuries of history - stands at the heart of this ecosystem. Together with other educational institutions and research centres, it drives knowledge creation and innovation.

Rooted in academic excellence, the **University** has built solid partnerships with hundreds of national and international companies and thousands of professionals, turning collaboration into a powerful engine for **technological progress and knowledge transfer across all sectors.**

SALAMANCA: LOGISTICS AND INDUSTRY HUB

ADVENTIA COLLEGE OF AERONAUTICS

Adventia, European College of Aeronautics, is a prestigious pilot school of the University of Salamanca, located on the Matacán Campus. It offers training to commercial pilots and other professionals in the sector.

Boasting more than **five decades of experience**, the institution is recognised for its academic excellence, access to Spain's largest simulator centre, and close collaborations with airlines that open doors to professional careers.

DRY PORT

One
million m²

Its location makes it a key point for both
national and international trade.

Strategically located and backed by major infrastructure investments, **Salamanca** is becoming a leading logistics and transport hub.

The **Salamanca Transport Centre**, covering over one million square metres, provides extensive facilities and services to meet the sector's growing needs.

- » Storage
- » Distribution
- » Customs services
- » National and international transport
- » Industrial land

And much more!

INDUSTRIAL AREA

571.000 m²

Promoted by Salamanca City Council, this industrial area is designed to attract businesses and create employment through land development and enhanced access routes, establishing it as a strategic hub for Salamanca's economic development.

Strategic sector for industry and logistics

6.
